

Minneapolis Rental Housing Brief

February 2023

Housing**Link** 

Rents

Median Rents¹

Income Required to Rent a Home in February 2023

Figures are based on the common landlord screening requirement that an applicant must earn 2.5 times the rent in income.

ONE BEDROOM	TWO BEDROOM	THREE BEDROOM
\$2,669	\$3,488	\$4,238

Vacancy Distribution by Building Type²

¹ To learn more about HousingLink rent data, [watch this video](#).

² Different than "vacancy rate," we are saying that OF the vacancy rate (around 5%), xx% of the vacancies are apartments, xx% are single family homes, and xx% are of another building type.

Rental Housing Affordability

Median One Bedroom Rents¹

Number of NOAH Rental Vacancies²

¹ Source: HousingLink's *Rental Revue* data.

² Ibid. For purposes of this report, we define "NOAH" private market housing that is affordable to 60% of Area Median Income, including likely utility costs, depending on number of bedrooms and building type. HousingLink follows widely-accepted basic practices for analyzing housing affordability, which involve comparing rents to area median incomes provided every year by HUD. Their adjustments, tied closely to inflation, resulted in much higher income estimates this year and, thus, much higher thresholds for affordability. It is important to remember that an overall standard of "affordability" is a broad brush and individual families looking for housing can only evaluate the notion of "affordable" relative to their own circumstances. To learn more about how HousingLink calculates affordability by area median income, [watch this video](#). To learn more about NOAH rental supply, [watch this video](#).

Rental Housing Affordability

% of Minneapolis Rental Vacancies Affordable by Income Level¹

¹ AMI (Area Median Income) is \$82,200 for an individual and \$117,300 for a family of four in the Twin Cities Metro (HUD, 2022). HousingLink follows widely-accepted basic practices for analyzing housing affordability, which involve comparing rents to area median incomes provided every year by HUD. Their adjustments, tied closely to inflation, resulted in much higher income estimates this year and, thus, much higher thresholds for affordability. It is important to remember that an overall standard of “affordability” is a broad brush and individual families looking for housing can only evaluate the notion of “affordable” relative to their own circumstances. To learn more about how HousingLink calculates affordability by area median income, [watch this video](#). To learn more about NOAH rental supply, [watch this video](#).

Subsidized Housing in Minneapolis

12

Housing Choice Vouchers forfeited in Q4 2022¹

This figure refers to vouchers families were unable to place in service. Traditionally, this has usually resulted from rent exceeding the Public Housing Authority's ability to adequately subsidize the voucher holder's portion of, or a landlord's unwillingness to participate in, the Section 8 Housing Choice Voucher program.

Another scenario resulting in forfeiture can involve Public Housing residents who ultimately make a choice to stay in their current unit. This is not uncommon, as the individuals may find that living with a voucher is more costly than living in a public housing unit.

Finally, some simply do not search for a unit because they have existing housing, they are not ready or willing to leave, or have circumstances otherwise preventing a housing search.

Rental Housing Stock

Licensed Rental Units – Q4 2022¹

106,049

Licensed units

+3.6% from previous year

1,750

"Tier 3" rental units

+232% from previous year²

24,044

Units in 1 and 2 Unit Licenses

-0.7% from previous year

1,765

Units of Short-Term Rental Stock
(↑ 2.3% from previous year)

airbnb

1,413

entire home rentals listed³

¹ Source: Analysis of City of Minneapolis Regulatory Services rental license data. Note: The City of Minneapolis uses a tiered rating system as part of their rental process. Tier 3 rentals are those which require excessive city services, are poorly maintained or managed, and may be at a higher risk for fire damage.

² Tier 3 rentals are typically on the most frequent inspection cycle (one-year); however, seemingly elevated levels of Tier 3 rentals in recent quarters are largely due to comparisons versus pandemic-era quarters, where there was more limited capacity for inspection.

Apartment Sales & Development

Multifamily (5+) Units Permitted for New Construction¹

Q1 2022 to Q4 2022

3,563
Units

+16% year over year

5-year view

Average Price-Per-Unit Apartment Sales²

Q1 2022 to Q4 2022

\$139,600
Per unit

-40% year over year

¹ Source: HUD's [SOCDS Building Permits Database](#), which contains data on permits for residential construction collected in the Census Bureau's *Building Permits Survey*. While some multifamily construction may contain units built for sale (e.g. condominiums), [recent analysis](#) by the Urban Institute recently indicated those units only account for 5.4% of all permitted multifamily units, nationwide (*The Housing Market Needs More Condos. Why Are So Few Being Built?*, Neal, Goodman; February 2022).

² Source: This analysis is based on research conducted since 2011 exclusively on projects vetted or written about by *Finance & Commerce* publication for its *Twin Cities Apartment Sales Tracker*, available at finance-commerce.com.
