# Rental Housing Affordability

## Median One Bedroom Rents<sup>1</sup>

## Number of NOAH Rental Vacancies<sup>2</sup>

<sup>1</sup> Source: HousingLink's *Rental Revue* data.

<sup>2</sup> Ibid. For purposes of this report, we define "NOAH" private market housing that is affordable to 60% of Area Median Income, including likely utility costs, depending on number of bedrooms and building type. HousingLink follows widely-accepted basic practices for analyzing housing affordability, which involve comparing rents to area median incomes provided every year by HUD. It is important to remember that an overall standard of "affordability" is a broad brush and individual families looking for housing can only evaluate the notion of "affordable" relative to their own circumstances. To learn more about NOAH rental supply, [watch this video](#).

# Rental Housing Affordability

## % of St. Paul Rental Vacancies Affordable by Income Level<sup>1</sup>

<sup>1</sup> AMI (Area Median Income) is \$87,000 for an individual and \$124,200 for a family of four in the Twin Cities Metro (HUD, 2024). HousingLink follows widely-accepted basic practices for analyzing housing affordability, which involve comparing rents to area median incomes provided every year by HUD. It is important to remember that an overall standard of “affordability” is a broad brush and individual families looking for housing can only evaluate the notion of “affordable” relative to their own circumstances. To learn more about how HousingLink calculates affordability by area median income, [watch this video](#).

## Rental Unit Inspections – Q2 2024<sup>1</sup>

70,792

Certified units with a grade

+1% from last year

2,361

Units in Class C and D properties

-1% from last year

12,591

Units in 1 and 2 Unit properties

-1% from last year

**airbnb 491**

entire home rentals listed<sup>2</sup>

<sup>1</sup> Source: Analysis of City of St. Paul Department of Safety and Inspections Fire Certificate of Occupancy data. Note: The City of St. Paul requires inspections of non-owner-occupied housing units on a regular basis. Class C and Class D properties are those that are least compliant with all state and local safety codes, triggering re-inspection every two years (Class C) or one year (Class D). Reported units only include those which receive a Fire Certificate of Occupancy grade, a practice which is only required for single family homes and duplexes that are not owner-occupied, and for rental properties of three or more units, and excludes units that mix residential with other uses.
